FOR IMMEDIATE RELEASE

March 11, 2020

Town of Whitestown makes parks improvements

Whitestown, Ind. – The Town of Whitestown is making improvements to two of its parks.

Improvements at Main Street Park, located at 4286 South Main Street, include resurfacing the playground area, cornhole and parking lot. Enhancements to the drainage pipes on the splash pad will also be made. Each project will require the area to be closed to visitors for several days, but other amenities at the park will be open during construction.

“While the closures pose a short-term inconvenience to parkgoers, our hope is that these improvements will provide a long-term gain and last for years to come,” said Whitestown Parks Director Savannah Solgere.

Two new large play structures and one rotating structure will be installed at Panther Park, located at 300 South Buck Street. One large structure will be geared towards kids ages 2-5 and the other will cater to ages 5-12. A new swing set will include two regular swings, one mommy-and-me swing and one toddler swing.

“Our plan is for both parks to be completed by mid-April, but the weather will play a factor in the timeline,” said Solgere. “We encourage residents to follow the town’s social media pages for the latest updates.”
