Community Involvement

The Whitestown Police Department values and appreciates our community members, as a department we make it our goal to frequently engage with our community members. This month WMPD officers...

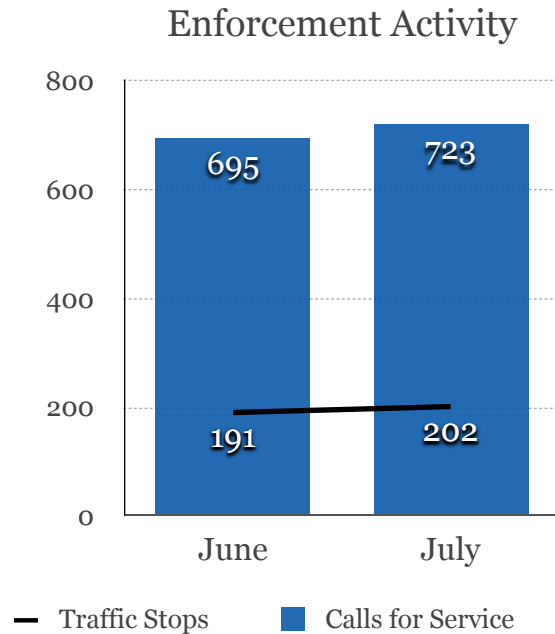

- The training division taught “Civilian Response to an Active Shooter” to a local business.
 - WMPD hopes it never happens, but if it does we want our officers and community members to be adequately prepared. This course educated staff in the Whitestown Community on things to consider when creating an active shooter protocol for their employees. The training was individualized for the business.
