

WHITESTOWN METROPOLITAN POLICE DEPARTMENT

Dennis R Anderson - Chief Public Safety Officer

Whitestown Metropolitan Police Commissioners,

Over the last year, I have been tasked with outfitting the new Fitness Center for the WMPD Police Headquarters. As part of that responsibility, I thoroughly researched several fitness equipment companies along with the quality of their products, and gathered collective input from the entire department on what equipment officers would like. I also attended advanced training across the country on how to best develop and implement fitness programs to improve our officers as "tactical athletes."

After extensive research on equipment cost, equipment quality, and determining the necessary equipment to help our department excel in our physical fitness, it is my recommendation for the Police Commission Board to approve the purchase of our proposed custom fitness equipment package through Rogue Fitness. When compared with two additional fitness equipment companies, Rogue Fitness has given us the most lucrative fitness equipment package with the most equipment, the best price, and the best quality equipment. It is also worth noting that Rogue Fitness is also the leading manufacturer in strength and conditioning equipment officially sponsoring several of the most well-known fitness competitions around the globe.

Approving this purchase through Rogue Fitness will not only promote the future well-being of our officers and their ability to serve the citizens of Whitestown, but will also help in future recruiting and furthering our motto of "Professionalism in Motion."

Respectfully,

Sergeant John Jurkash
