

# Mobility Management Report – March 2021

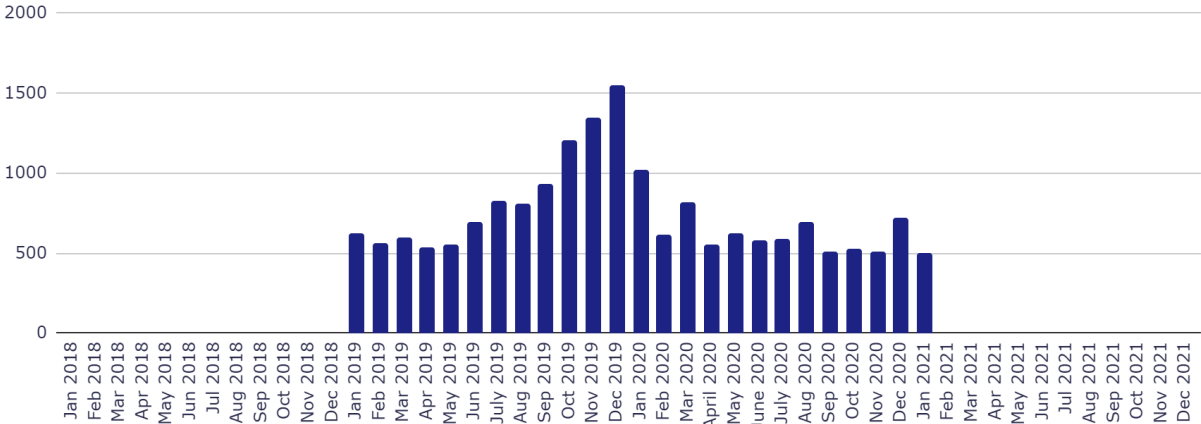

## Whitestown – Miller Transportation

- Whitestown Connector service is running at 100% with no change to normal service.
- COVID-19 continues to impact transit systems ridership data nationwide.
- The break in service from 9:43am-2:00pm is still in effect.
- CIRT will continue to monitor the development along this route and consider any potential for additional stops to serve our new employers.
- Miller Transportation continues to apply additional cleaning measures to protect riders from COVID-19.
- Ridership for month of March 2021 was 468 riders vs. previous month of February 2021 of 378 riders, a 21.2% increase in ridership.

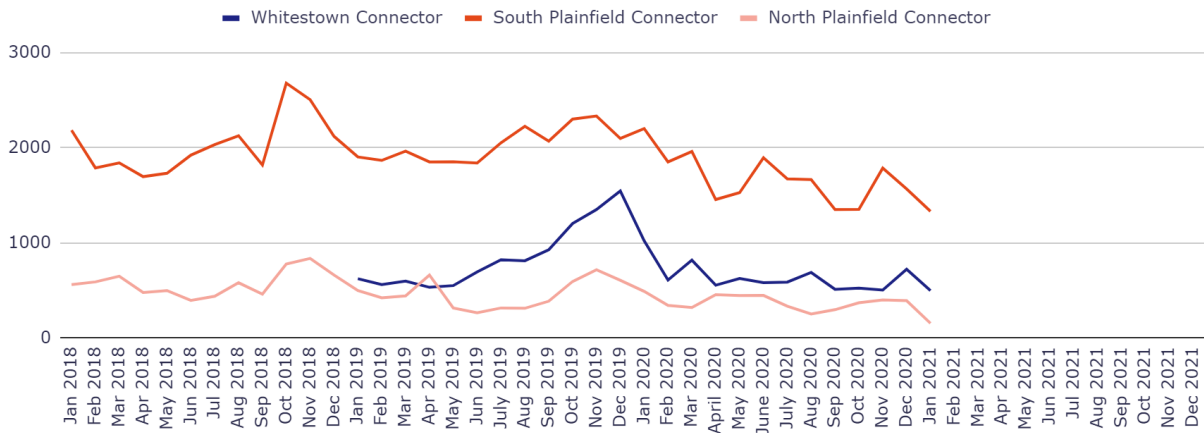

### Whitestown Connector

### Whitestown Connector

## Total Ridership
