### Park 130 Partners II, LLC

WHEREAS, pursuant to its Resolution No. 2018-12 adopted on March 27, 2018 (the "Confirmatory Resolution"), the Town Council of the Town of Whitestown, Indiana (the "Town Council" and the "Town", respectively) confirmed the declaration of an area of the Town, as described in the Confirmatory Resolution, as an "economic revitalization area" in accordance with Indiana Code 6-1.1-12.1, as amended (the "Act"), and the designation of such area as the "GreenParke Economic Revitalization Area" (the "ERA"); and

WHEREAS, on June 9, 2021, the Town Council adopted its Resolution No. 2021-25 approving the enlargement of the ERA to include the Additional Area (as defined in Resolution No. 2021-25 and herein the "2021 Additional Area") and approving the tax abatement application of Park 130 Partners II, LLC (the "Applicant"), which Resolution No. 2021-25 was confirmed by the Town Council, following a public hearing thereon in accordance with the Act, by its Resolution No. 2021-32 adopted on August 18, 2021; and

WHEREAS, the Town Council has been advised by its staff that the Applicant has requested the further enlargement of the ERA to include two additional parcels located on the southwest side of the 2021 Additional Area as reflected on <u>Exhibit A</u> attached hereto and incorporated herein by reference (such additional parcels, the "2022 Additional Area") in order to further promote revitalization and redevelopment in the Town in accordance with the Act and to facilitate the developer of the Applicant's proposed project as described in its abatement application; and

WHEREAS, a map of the ERA as enlarged to include the 2021 Additional Area and as further enlarged to include the 2022 Additional Area is attached hereto as <u>Exhibit B</u> and incorporated herein by reference; and

WHEREAS, attached hereto as <u>Exhibit C</u> is the tax abatement application of the Applicant as originally approved by Resolution No. 2021-25 and as updated in connection with the proposed further enlargement of the ERA to include the 2022 Additional Area (collectively, the "Abatement Application"); and

WHEREAS, in connection with the proposed further enlargement of the ERA, the Town Council has determined to ratify and confirm the Abatement Application from the Applicant for its project as described in the Abatement Application which consists primarily of the construction of three "flex" style buildings, having both office and distribution space, with building 1 in the approximate size of 398,000 square feet, building 2 in the approximate size of 672,000 square feet and building 3 in the approximate size of 122,000 square feet, with parking, landscaping and onsite water runoff management (collectively, the "Project"); and

WHEREAS, the Applicant will undertake the Project at 5650, 5801, 5905, 5951 and 6005 South CR 475 E in the Town which is in the ERA as enlarged to include the 2021 Additional Area and as further enlarged to include the 2022 Additional Area; and

WHEREAS, the Act has been enacted to permit the creation and enlargement of "economic revitalization areas" and to provide all of the rights, powers, privileges and immunities that may be exercised by this Town Council in an economic revitalization area, subject to the conditions set forth in the Act; and

WHEREAS, Applicant anticipates increases in the assessed value of the 2021 Additional Area and 2022 Additional Area from the proposed redevelopment or rehabilitation of real property, and has submitted the Application to the Town Council in connection therewith; and

WHEREAS, the Town Council finds that the 2022 Additional Area is an area that has become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values and prevented normal development and use of the property and that the designation of the 2022 Additional Area as a further expanded portion of the existing ERA, as enlarged to include the 2021 Additional Area, as an economic revitalization area, would enhance the opportunity for the creation of new jobs and the protection of the current employment; and

WHEREAS, the Town of Whitestown Redevelopment Commission adopted a resolution on May 2, 2022 recommending approval of the Application and further expansion of the ERA to include the 2022 Additional Area by the Town Council; and

WHEREAS, the Town Council has reviewed the information brought to its attention, including the Application, and hereby determines that it is in the best interest of the Town to designate the 2022 Additional Area as a further expanded portion of the existing ERA, as enlarged by the 2021 Additional Area, as an economic revitalization area, all pursuant to the Act; and

WHEREAS, the Town Council finds, ratifies and confirms that the purposes of the Act are served by allowing the owner of the real property in the 2021 Additional Area and the 2022 Additional Area a traditional real property tax deduction for the Project for a period of ten (10) years pursuant to the Act;

While lhe site comprises 133 acres, only 83 acres are developable, with the rest being set aside for floodways and compensation areas. As a speculative, multi-building development, this project will .be developed prior to an identified user. As such, while the number of new/additional jobs, and the associated salaries, all listed above, are good faith estimates based on past performance of this sector, they are not commitments by the applicant. Due to the change in land use, and the significant capital investment, even with an abatement this site will provide significant tax revenue to all taxing units far in excess of its current production. Additionally, much infrastructure work will be accomplished as part of the project, if a TIF bond can be secured to supplement the developer investment.

## 10. On a separate page, briefly describe the nature of the business of your company.

The applicant is a real estate development entity with 20 years of experience undertaking industrial/commercial development. This development, once completely online, will add approx. 1.2 million square feet of developed office and logistics space to the Town of Whitestown, and constitute more than \$49 million of hard cost investment.

The developer is confident that the strength of the community will allow for full utilization of the facilities over time. The market has already demonstrated interest in the product as evidenced by leasing activity for previous projects undertaken by the developer. Expected uses of the buildings include logistics, distribution, warehouse manufacturing and office.

The requested tax abatement allows this project to support it achieving speed-to-market success, so opportunities that require fast access to facilities can be landed in Whitestown.
