Grant Assistance Program Summary

More than \$600 billion in grants is available to public safety agencies and local government each year. But it can be difficult to navigate through the grant process. With our team of expert grant writers, researchers, and project managers, you will craft the best grant application possible, helping you obtain the funding you need for essential programs, equipment, and personnel. Scope of Services

Complete Grant Writing Service

Billions of dollars in grants is available to public safety agencies and local government each year, but finding and applying for such funding is a complex and resource-intensive task. Lexipol's Complete Grant Writing Service combines the expertise of our grant writers, researchers and project managers to help you navigate through the grant process.

- Customized grant research specific to your agency's funding needs
- Unlimited, personalized grant consulting from senior grant consultants
- Customized, written grant narratives based on information provided by your agency
- Completion of grant application
- Unlimited reviews of your grant application before final submission

Agency Expectations: Please note the following service process to ensure our agreement runs smoothly.

Grant applications can take up to 100 hours to complete. While we will take on 85% of the work needed for a successful application, the agency will be asked to partner with us by providing important information to supplement the remaining 15% of the project. This may require up to 15 agency hours.

Here is a step-by-step outline of the post-contract process:

- You will be introduced to your assigned, dedicated Project Manager, who will be your primary point of contact over the entire project to submission.
- An introductory call to review project and confirm grant will take place as needed shortly after.
- Your Project Manager will then send over selected grant program and project-specific worksheets for completion by the agency. These worksheets help us collect critical information and programmatic details needed for application data entry and crafting of your narratives. This is the 15% of the project that we will need your direct help with.
- Once your team sends completed worksheets to the Project Manager, we will carefully review them and will contact you if we need more information.
- The Agency will be asked for feedback throughout the process. We recommend assigning a minimum of two agency contacts for the project. Your input is critical for your application's success!
