

## 2023 Invoice for Services

Chief Rolston,

Please accept this letter as an invoice for the year 2023. As discussed on November 2022 we are continuing with the 2021 rates. This funding is used for training members of the multi-disciplinary teams including your detectives. Our team members must train in topics of child abuse yearly to maintain our newly acquired accreditation by the National Child Alliance. We also use funds to offset the cost of the interviews including our building expenses, technology needs, and insurance.

Thank you for your partnership with the CAC and helping us continue to protect the children of Boone County.

2023 Services	\$10,000.00
