Friendly Market Mann Brothers

Meeting Date: August 14, 2023

Docket PC23-035-PP – Primary Plat – Friendly Market Mann Brothers

The petitioner is requesting a review of a Primary Plat known as Friendly Market Subdivision. The site in question is located at the northeast corner of Albert S White Drive and CR S 450 E in Whitestown. The applicant is proposing to combine two existing parcels into one lot. The site is zoned Light Industry (I-1) and I-65 Overlay. The applicant is Starr Associates, LLC. and the owner is Mann Brothers Holdings, LLC.

Location

The site in question is located at 3973 and 3991 CR S 450 E, approximately 2,234 feet east of the intersection of Albert S White Road and the Interstate-65 interchange. The site is located diagonal from the Get-Go gas station at the intersection of Anson Boulevard and Albert S White Drive. The surrounding area is characterized by industrial, commercial, and agriculture uses. There is an existing structure on one of the parcels.

History

In 2021, the Plan Commission heard a request to rezone the site from General Agriculture (AG) to Light Industry (I-1) zoning district (PC21-021-ZA). The Whitestown Town Council subsequently approved the rezone (ORD 2021-23).

In 2022, the Board of Zoning Appeals approved a Development Standards Variance related to landscaping (PC22-007-VA).

Proposed Development

The applicant is proposing to combine two existing parcels into one parcel for future development. Once combined the area will be approximately 1.733 acres.

The submitted plans and materials indicate the following:

- The northern parcel is approximately 1.07 acres and contains an existing structure;
- The southern parcel is approximately 1.0 acres;

- Proposed lot meets the minimum requirements for lot width, lot area, and lot frontage;
- Approximately 0.347 acres for right-of-way dedication along CR 450 E;
- Provisions for easements.

Zoning

The site in question is zoned Light Industry (I-1). The I-1 “district is established to accommodate light industrial uses in which all operations, including storage of materials would be confined within a building, and would include warehousing operations.” Permitted uses include but are not limited to parking lots, offices, general manufacturing, and local service stations.

The site is also zoned with the I-65 Overlay. The I-65 Overlay “district is established to provide consistent and coordinated treatment of the properties bordering I-65 within Whitestown. The I-65 Corridor is a premier office and industrial business location and employment center whose vitality, quality, and character are important to adjacent residents, employees, business owners, taxing districts, and the community as a whole. Therefore, this district seeks to promote the aesthetic qualities of properties within the corridor...”

Staff Recommendation

The proposed Primary Plat is in compliance with applicable chapters of the Whitestown Unified Development Ordinance.
