In Company's sole discretion, the cost of any additional electrical distribution facilities required to provide energy to the System may or may not be included in the monthly terms of this Agreement.

LIGHTING LAYOUT DESIGN DISCLAIMER

<p><i>Company will install the System in accordance with Customer's specifications concerning the design and layout (including pole locations, number, and types of lights). Customer is responsible for all aspects of the design and layout of the System. SECTION II. – CUSTOMER OPTIONS FOR SYSTEM OPERATING HOURS

2.1 HOURS OF OPERATION are either the typical dusk-to-dawn photoelectric cell automatically operated System or as prescribed by a schedule agreed upon by the Company and the Customer. Lights turn on approximately 1/2 hour after sunset and shut-off 1/2 hour before sunrise. In Company's sole discretion, there may be assessed a monthly estimated energy usage based on either i) luminaire impact wattage and lamp source equally over twelve months (See Section I - A, above); ii) metered using actual energy usage plus a monthly meter charge; or iii) based upon a calculation related to an agreed upon schedule of usage and the luminaire impact wattage.

SECTION III. – ENERGY USAGE COST CALCULATION - See Section I

- 3.1 Except as otherwise provided in this Agreement, Customer shall pay Company the monthly energy charges. Monthly charges are based on estimated unmetered charges using the calculation methods shown on Section I of this Agreement and adding any energy Commission approved tariff riders and applicable sales tax. Both unmetered and metered outdoor lighting energy usage charges are based on the per kilowatt hour amount approved by the Commission.
- 3.2 The "Schedule of Rates, Classifications, Rules and Regulations for Electric Service", and/or General Terms and Conditions of the Company, and all amendments thereto, are filed with and approved by the Commission and shall be deemed a part of this Agreement.

SECTION IV. – SYSTEM MAINTENANCE

- 4.1 Company provided routine maintenance ("Maintenance") includes the replacement or repair of any item included in the System except seasonal outlets. Maintenance is performed after notification from the Customer that a problem exists and/or during a Company scheduled maintenance cycle. Company will stock only the most common Equipment. Acquisition of some repair parts could cause a delay in permanent repair.
- 4.2 Maintenance also covers ordinary wear and tear but only from Customer's proper use of the System. Repairs or replacements requested as a result of Customer caused damage will be performed on a time and material cost basis, in which instance i) an estimate of costs will be provided to the Customer; and ii) Customer agrees to pay for all such costs before the work begins. Company reserves the right, in its sole discretion, to charge Customer for repair costs incurred due to vandalism.
- 4.3 Maintenance does not include partial or full System replacement or major repairs due to System age. Customer herein acknowledges that different types of lighting Equipment have different life spans and that lighting Equipment suppliers may also discontinue manufacture of certain Equipment. End of useful life for a System will be determined by the Company, in Company's sole discretion.
- 4.4 Company reserves the right to update or modify the monthly Maintenance charges to reflect changes in Company costs for materials and labor no more often than every three years on a Company assigned schedule, which may not coincide with the term of this Agreement.
- 4.5 Company reserves the right to charge a fee equal to a minimum of one-hour labor and transportation costs for trips to disconnect and reconnect lights in a Company-owned lighting System when requested to do so more times than the Company deems necessary.

SECTION V. – PAYMENT

- 5.1 Customer hereby agrees to pay Company the monthly costs set forth in accordance with the applicable Commission approved tariff rate for the energy provided for the term of this Agreement. The estimated monthly amount due is summarized on Page 3 of this Agreement and are current at the time the Agreement is executed. A monthly bill will be rendered and due each month in accordance with the applicable Commission approved tariff rate and payment rules. Any Customer charge that is not paid in full on or before its due date, shall incur a late fee.

THIS IS NOT A BILL. PLEASE DO NOT SEND A PAYMENT IN RESPONSE TO THIS COMMUNICATION.

- 5.2 Should any change in the energy usage monthly charges be ordered by the Commission, then payments by Customer to Company for this System shall be made upon the basis of such new rates as changed and approved by the Commission.

SECTION VI. – TERM OF AGREEMENT

- 6.1 Service under this Agreement shall commence as soon as practicable after the System is installed and operational. The Company shall notify Customer in writing as to the date on which service will begin.
- 6.2 The initial term of this Agreement shall be in accordance with the Option indicated on Page 3 of this Agreement (“Initial Term”). After the Initial Term, this Agreement shall continue in force and effect for successive automatic one-year extensions unless terminated by either Party upon sixty (60) days prior written notice.

SECTION VII. – OTHER TERMS AND CONDITIONS

- 7.1 Other Terms and Conditions governing the System are set forth in Exhibit "B" and incorporated herein by reference and made a part of this Agreement.
- 7.2 This Agreement constitutes the final written expression between the Parties. It is a complete and exclusive statement and supersedes all prior negotiations, representations, or agreements, either written or oral, with respect to the System. Nothing herein shall preclude either Party from commencing an action for unpaid bills, other damages, or breach of prior agreements during the time they were in effect.
- 7.3 This Agreement, the construction of this Agreement, all rights and obligations between the Parties to this Agreement, and any and all claims arising out of or related to the subject matter of this Agreement (including tort claims), shall be governed by the laws of the State in which the work is rendered without regard to its conflict of laws provisions.

EXHIBIT ‘B’ - OTHER TERMS AND CONDITIONS

- 1 All System facilities installed by Company under this Agreement are and shall remain the property of Company. The termination of this Agreement, for any reason whatsoever, shall not in any way affect such ownership by Company, deprive Company of the right either to remove any or all property comprising the System or any part thereof or to use the same in or in connection with the rendering of other work by Company.
- 2 If Customer requests part or all of the System’s removal before the end of the System’s useful life, including by reason of termination of this Agreement, Customer must pay Company’s unrecovered costs of the System, to be determined at the sole discretion Company, plus System removal costs.
- 3 The obligations of Customer to pay the monthly invoice and any applicable late fees or any amount due and owing to Company as a result of this Agreement or in connection with the rights and privileges granted hereby, are independent of the liabilities or obligations of Company hereunder. Customer shall make all such payments due to Company without any deductions, setoffs or counterclaims against such payments on account of any alleged breach or default by, or claims against, the Company pursuant to this Agreement or otherwise or on account of any claims against or default by any third party.
- 4 Service under this rate schedule shall be for a minimum initial term of ten (10) years from the commencement of service and shall continue until terminated by either Party by sixty (60) days prior written notice. Upon early termination of service under this schedule, the Customer shall pay an amount equal to the remaining monthly lease amount for the term of contract, applicable Customer Charges and removal cost of the facilities.
- 5 Company’s installation of the System is contingent upon obtaining adequate easements and rights-of-way, if necessary; and Customer agrees to assist the Company when necessary in obtaining easements or rights-of-way which shall include permission to install and maintain service lines and facilities required for serving and providing the System.
- 6 Company is an independent contractor and not an agent or employee of Customer and nothing contained in this Agreement shall be so construed as to justify a finding of the existence of any relationship between Company and Customer inconsistent with that status. Company shall have exclusive control of and responsibility for its labor relations.

THIS IS NOT A BILL. PLEASE DO NOT SEND A PAYMENT IN RESPONSE TO THIS COMMUNICATION.

- 7 Company does not warrant nor guarantee the safety of Customer or any third party, nor does it warrant or guarantee the security of Customer's property or any third-party property, lighting levels, or uniformity of lighting as a result of Customer's use of the System. Company is not liable for any injury to Customer, or any persons or property arising out of the System use other than that arising from the sole negligence of the Company. Company is not liable for any incidental, punitive, exemplary and/or consequential damages of any kind or nature arising under this Agreement COMPANY EXPLICITLY DISCLAIMS WARRANTIES OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR USE, EITHER EXPRESSED OR IMPLIED, OR ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.
- 8 If a breach or default occurs, the non-breaching Party shall provide the breaching Party with a thirty (30) day written notice to cure such default or breach, or if the defect cannot be cured within thirty (30) days, the breaching Party shall nonetheless commence to cure such defect and shall, in good faith, complete such cure in as timely and expeditious manner as is feasible in the circumstances. If the breaching Party fails to cure or to commence the cure of the defect within the prescribed time frame set forth herein, the non-breaching Party, at its sole discretion, shall provide notice to the breaching Party of the immediate termination of this Agreement. Events beyond Company's control, including but not limited to acts of nature, pandemics or epidemics, electricity outages, and inability to obtain needed replacement parts, shall not constitute breaches of this Agreement.
- 9 Customer desiring a Company-installed System on a public right-of-way or on other property not under Customer's jurisdiction must provide the Company with written permission from the entity with legal jurisdiction over that right-of-way or property before installation will begin. Customer must reimburse Company for costs associated with obtaining all easements and/or all applicable property rights.
- 10 Company reserves the right to refuse to install Company Equipment on another's property; however, any Company agreement to install System luminaires or other Company facilities on poles or structures owned by a third entity is contingent upon receiving written consent for such installation from that entity. Customer will be required to reimburse the Company for monthly fees charged for pole contacts for System attachments on poles or structures not owned by the Company, (i.e., owned by other utilities or entities). This fee will be imposed only when contacting or modifying existing poles to allow for clearances required for the System Equipment.
- 11 Company shall not be liable for any claims, demands, cause of action, liabilities, loss, damage or expense of whatever kind or nature, including attorney fees, incurred by Customer for actions involving a structure not Company-owned on which the Company has placed Company-owned Equipment at Customer request. Additionally, the Company will not be responsible for any repairs needed by the structure that is not owned by Company. If, in Company's sole discretion, the structure becomes unsuitable, or unsafe to support Company-owned Equipment, the Company retains the right to remove the Equipment from the structure. If Company Equipment is removed under these conditions, Customer shall pay Company a pro-rated amount for the removed Equipment plus removal costs minus salvage value.
- 12 When changes are requested by Customer at any time after the System is installed and before the normal end of System life, Company will evaluate and estimate the costs of the changes. The changes will be made after the Customer pays the agreed upon amount (if any) to make changes. Changes include such matters as relocating poles, changing luminaire styles (post top, cobrahead, floodlight), their locations, wattage, and lamp source (e.g., metal halide, high pressure sodium, light emitting diode). Any such agreed upon changes will be documented either by a new or an amended Agreement. New Equipment added to the System will require a new Agreement.
- 13 If any part, term, or provision of this Agreement is adjudged by a court of competent jurisdiction to be contrary to the law governing this Agreement, the validity of the remaining parts, terms, and provisions shall not be affected thereby.
- 14 This Agreement, and all the terms and provisions hereof, shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, successors, personal representatives, and/or permitted assigns
- 15 Each Party to this Agreement represents that it is sophisticated and capable of understanding all of the terms of this Agreement, that it has had an opportunity to review this Agreement with its counsel, and that it enters this Agreement with full knowledge of the terms of the Agreement.
- 16 No delay of or omission in the exercise of any right, power or remedy accruing to any Party under this Agreement shall impair any such right, power or remedy, nor shall it be construed as a waiver of any future exercise of any right, power or remedy.
- 17 Neither Party shall assign this Agreement without the prior written consent of the other Party, which consent, if given shall not relieve the Party of making such assignment from full responsibility for the fulfillment of its

Program Rebate/Incentive Eligibility

- Only nonresidential Customer premises served by an active Company electric account that are eligible under applicable state regulations, and are opted into the applicable Energy Efficiency Rider are eligible. Customers may call 866.380.9580 to verify eligibility. Written Customer consent is required to release eligibility status to a third party.
- Any Equipment which, either separately or as part of a project, has received a rebate/incentive from the Program or any other Company program is ineligible.
- Equipment and/or services provided to the Customer for free are not eligible for rebate/incentive payments. In no case will Company pay a rebate/incentive in excess of the actual cost of the new Equipment.
- If a Customer application is received with incomplete or inaccurate information, Company will notify the Customer(s). In order to be eligible for rebates/incentives, corrected applications must be resubmitted to Company by the end of the calendar year in which the original Application was submitted or within 90 days, whichever is later.
- To be eligible for rebates/incentives, the Customer who is receiving the rebate/incentive may be required to provide a Social Security number as the federal tax identification number for tax purposes and must sign and return the "Customer Consent to Release Personal Information" form ("Consent Form"), which will be provided by Company.

Program Monitoring, Verification, and Right to Inspect

- Company may require verification of both the sales transaction and Equipment installation and operability prior to any Program rebate/incentive payment.
- If monitoring of the Equipment is required by Company, payments will be based on the verified savings as measured by Company.
- Company may conduct random site inspections of the Equipment both prior to and after completion to verify scope and operability, and obtain information needed to determine the rebate/incentive.

Program Rebate/Incentive Payment

- Applications for payment, along with the required documentation, must be submitted within 90 calendar days of Equipment installation and operability.
- Program rebates/Incentives will not be paid until the eligible Equipment has been installed, is able to operate, and, if required by Company, Company has completed verification as set forth in "Program Monitoring, Verification and Right to Inspect" above.
- The Customer's account must be active and eligible throughout the process of Application review and rebate/incentive payment. Rebate/Incentive payments will not be issued on inactive accounts. A waiver signed by the original Customer is required if the Customer of record changes prior to rebate/incentive payment.
- The Customer assumes all responsibilities for any and all tax liabilities resulting from Company rebate/incentive payment.
- By accepting the Program rebate/incentive payment, the Customer agrees to transfer to Company the rights to all Attributes of the Equipment or its operation. Attributes include, but are not limited to, any and all credits, benefits, emissions reductions, offsets and allowances resulting from the avoidance of the emission of any substance into the air, soil or water at or by Company generating facilities through reduced generation of energy or other savings or offsets resulting from the Equipment. The Customer will not claim ownership of any Attributes. Additionally, the Customer will transfer to Company the right to bid any energy efficiency, coincident demand and demand response resources associated with the projects into regional transmission organization (RTO) or independent system operator (ISO) markets.
- Company may withhold payment if the Equipment is no longer in operation in the applicable jurisdiction.

Program Disclaimers; Release of Liability

- The Company, in its sole discretion, reserves the right to change (at any time) the Program Rebate/Incentive levels and/or qualifying efficiency levels. In addition, Company (in its sole discretion) retains the right to adjust or terminate the approved Program rebate/incentive amount at any time whether due to regulatory requirements, measurement, verification and evaluation results, codes and standards, Equipment pricing, or for any other reason.
