The applicant is proposing to construct a bank with associated parking. Staff’s recommendation to Plan Commission finds the development plan complies with the following requirements in accordance with UDO Section 11.8 E. and approval be granted upon: The proposed Development Plan is in compliance with all applicable development and design standards of the zoning district where the real estate is located. The proposed Development Plan manages traffic in a manner that promotes health, safety, convenience, and the harmonious development of the community. The applicable utilities have enough capacity to provide potable water, sanitary sewer facilities, electricity, telephone, natural gas, and cable service to meet the needs of the proposed development.
