Fire Training:

Total Hours: 1200

The month of March has been filled with live fire scenarios, Engineer training, State Driver Operator classes, and the completion of Probationary Firefighter's "Probie packet".

An additional 90 hours of live fire training were completed across all three shifts.

3 days of Engineer/Ride-out Engineer training: Pump pressure calculations, flow rates and tactical decision making.

7 WFD members attended a state class for Driver operator general and pumper. They completed 40 hours in the classroom and pumping/driving practical testing. All 7 members have completed the course to become State Certified.

In April we will finish the Driver Operator series with the Driver Operator Aerial class.

Three of our probationary members have completed their Probie packet check sheet. This is completed by their Officer. In this packet each new member must be checked off on their knowledge and proficiency in their job duty. The Division Chief of Training sat down with each member and talked about their skills. Each member has shown they have the required knowledge and proficiency to be released from their probationary status.
