Subject: Formal Objection — BZA26-005-DSV

Dear Planning Commission,

Please see the attached objection letter for next week's variance hearing. My family has lived in our home at 6383 Central Blvd for over 6 years and this proposal would cause direct residential harm to my family and my neighbors in the community. A 5 to 6 story hotel should not be built directly next to residential homes. Please consider this attached request for denial of the proposal.

Thank you,
Evan Rosati
